Space Requirements _____

Additional Notes:* _____

*It is really important to not only indicate the space you need for the actual vending of your product, but also indicate any area that may be needed for parking a vehicle or trailer. This would also be where you would list any other possible needs for the night. In an effort to keep a safe environment, we try to close off the vending area because of so many kids on campus. All information/needs regarding your vending area is greatly appreciated.
